

Returning Rider Course

This course curriculum is no longer available. Instead, we offer the Basic Rider Course (BRC) in which you'll ride the training motorcycles. If you would prefer a one day class, you can take the Basic Rider Course Level 2 (BRC2) or the Advanced Rider Course (ARC), both of which require you to have at least a temporary permit, you'll ride your own motorcycle and can test at the end to earn the Completion Cards which waive the state's road test for the full motorcycle endorsement.
